Good Morning UC,

Yesterday our 15th OSHA Recordable Injury was reported. An Archeologist, assisting the SCAT Teams, tripped on a dirt path near Las Flores and Venadito Beach entrances. As a result, he fell and cut his left palm. The injured employee was then transported to the Emergency Room. 10 stitches were required to close the laceration. Attached is an ICS 213 (General Message), documenting the incident.

Respectfully,

Ryan Andersen
